### Re: Your September 24, 2026 Letter to Provincial Party Leaders – The Same Questions for Delta City Council

Dear Councillor Kruger,

On September 24, 2026, you wrote to the provincial party leaders asking each party to “clearly state” its commitments and timelines on the Beedie Long-Term Care Centre and an Urgent and Primary Care Centre in North Delta. You also published a post on X and a petition at onedelta.ca.

Your letter states:

*“Delta residents deserve clear answers and a government that will deliver the healthcare infrastructure our growing community needs.”*

In your post on X, you describe this as “this crucial push for accountability.”

You are also a sitting member of Delta City Council, which is a government. DCC Now is therefore asking you, and through this copy the Mayor and Council, to answer the same kind of questions about the City of Delta’s own record and responsibilities.

## A. Questions about your letter and post

1. **“Restarting” or “completing.”** Your post on X calls for “Restarting the Beedie Long-Term Care Centre.” Your letter asks the parties to commit to “completing” it. Has the project been paused or stopped? If so, when, and by whom?
2. **“Demanding immediate action.”** Your post states you are “demanding immediate action.” Your letter asks the parties to “clearly state” their commitments and timelines, and does not ask for immediate action. Which accurately describes your request?
3. **Non-partisan framing.** Your post says “It’s time to put politics aside and unite Delta,” and your letter states “These are not partisan issues.” The same letter opens by describing the Province’s decision to call an election as “reckless.” How do you reconcile these statements?
4. **“On behalf of the residents of Delta.”** Your letter states you are writing “on behalf of the residents of Delta.” It is printed on One Delta letterhead and signed as “Mayoral Candidate, One Delta.” In what capacity did you write it: as a City Councillor, or as a candidate for your campaign? Was it authorized or discussed by Council?

5. **The petition.** The petition is hosted on your campaign's website, onedelta.ca. Will the names and contact details of people who sign be used for One Delta campaign purposes? Will the petition be delivered to Victoria, and when?

## **B. The same questions for Delta City Council**

6. **Council's own action on healthcare.** What specific actions has Delta City Council taken during the current term to advance the Beedie Long-Term Care Centre and an Urgent and Primary Care Centre in North Delta, such as Council resolutions, letters to the Province, land, zoning or permitting steps? Please give dates.
7. **The 2026 City assessment.** Your letter relies on a 2026 City of Delta assessment of primary care gaps. Is that assessment public? What action has Council formally taken in response to it, and when?
8. **Code of Conduct bylaw.** On May 29, 2023, Council voted unanimously, with you chairing as Acting Mayor, to rely on its existing Code of Ethics rather than adopt a Code of Conduct bylaw. Will you commit to a date by which Council will adopt an enforceable Code of Conduct bylaw under the Community Charter?
9. **Clear answers to residents.** If Delta residents deserve clear answers from the Province, do they deserve the same from Delta City Council? Will you commit to a written standard and timeframe for responding to residents' correspondence to Mayor and Council?
10. **Access to Council.** Will you commit to making refused delegation requests, the reasons given, and the name of the person who made each decision, part of the public record? By what date?

Please send your written response to [info@dccnow.com](mailto:info@dccnow.com) by **Friday, October 2, 2026, at 5:00 p.m. (Pacific)**. The Mayor and any member of Council who wishes to respond to Part B is invited to do so by the same date.

All responses will be published in full, without editing, on [dccnow.com](http://dccnow.com) and shared on DCC Now's social media channels. Where no response is received, that will be noted as "no response received."

A push for accountability should apply equally to the government you currently serve on.

Sincerely,

**Sarbjot Singh Locham**
